

# Maintenance Plan Plus

THE  
SMILE  
CENTRE

## Prioritising your dental health

Keeping our gums healthy and strong is essential for good dental health and whole well-being. Making sure our patients enjoy a healthy mouth that functions properly is our priority. So, if your mouth requires some extra TLC in the form of intensive gum therapy, then this is the plan for you.

£43 a month will ensure your mouth, teeth and gums receive the attention they need with dedicated hygiene and dental care.

Our Maintenance Plan Plus includes 2.5 hours of intensive gum therapy a year, which will be divided into treatment sessions that best serve your requirements.

Also included each year are two thorough dental examinations, which include enhanced oral cancer screening. All of our plans include supplementary dental injury and emergency insurance for your peace of mind.

Healthy gums are a prerequisite for any cosmetic or restorative treatments so to celebrate the renewed healthy foundations we will help you achieve, we extend a 20% discount for any additional dental or hygiene treatments you may wish to undertake.

Plan costs & benefits:  
£43.00 per month

The plan provides for:

- 2.5 hours of intensive hygiene therapy per annum
- Two dental examinations per annum and x-rays as required
- 20% discount from any further dental or hygienist treatment costs

Join our Maintenance Plan Plus.

Save money and enjoy healthier teeth and gums and a more comfortable mouth.

\* All prices are per person

Acceptance onto these dental plans are subject to approval by your dentist

## Gingival Toothpaste/Mouthwash Gum Maintenance Pack:

VITIS Gingival is a complete oral hygiene system including toothpaste and mouthwash for daily use, indicated for people prone to gum problems. Continued use of this range helps prevent gingival disease, reduces bleeding and keeps gums healthy every day.

### Why use VITIS Gingival?

- Reduces dental plaque formation
- Reduces gingival sensitivity
- Protects and revitalises gums
- Enhances enamel remineralisation
- Alcohol free
- No staining

## Interprox brushes:

### Why use Interprox Plus?

Superior reach, performance and reliability:

- Long handle – improved access to the back of the mouth
- Pre-Angled head – no need for bending so brushes last longer
- Bi-Colour filaments – act as an indicator for plaque and bleeding
- Protective Cap – for optimal hygiene

The Smile Plan does not cover treatment from a specialist, hospital or consultant, nor does it cover implants or cosmetic dentistry. The scheme is unique to this practice and is not transferable. Any payments paid in advance are not refundable but, upon written notification of your withdrawal from the scheme, no further payments will be requested from your bank. The plan will be administered by DPAS Limited who will make a separate arrangement with you to manage your convenient monthly payments. The monthly plan cost includes the charges for management and administration payable by you to DPAS. One-off joining fee: In addition to your first monthly payment, a one-off registration fee of £20.00 per person will be charged, and included in your first Direct Debit payment.
